

## DESKTOP DOWNLOAD INSTRUCTIONS

**Download:** You can download PUMP-FLO Desktop Software at: <http://pump-flo.com/demo.aspx>. Once you complete the contact information form, the software will download to your machine. Save the file to your desktop.

**Install the Software:** When the download has completed double-click the downloaded file to install your program. This will install PUMP-FLO Desktop software on your machine. This is a fully functioning version of the software that will run for 21 days. You can run the program initially without registration.

**Register the Software:** When you run the program, you will be asked if you want to “Run without Registration” or “Register Software”. Please select “Register Software” and complete the Registration Form. You can either fax the registration form to 360.412.0672 or take a screenshot and email it to: [unlock@eng-software.com](mailto:unlock@eng-software.com)

Once we have received your form, we will email you a Registration Code. The next time you run the software, enter the Registration Code on your machine. You will now have a permanent license for PUMP-FLO Desktop installed.

The charge for a new copy of PUMP-FLO is \$395 USD. If you previously purchased PUMP-FLO Desktop and are reinstalling due to a hardware replacement or operating system upgrade, please list your Serial # on the registration form. The price for your upgrade is also listed on the registration form.

Once the software is installed, you can download pump catalogs from our Catalog Download site at: <http://www.eng-software.com/pml/>

If you have any questions or need assistance, you can contact our Technical Support team by phone at 360.292.4060 and by email at [support@pump-flo.com](mailto:support@pump-flo.com).
