

# Keen E-Newsletter

Keen Pump Company, Inc

8/1/2017

[Edition 1, Volume 1]

## Featured Pump/Product LCG2(SL)

Our same great quality of our KG2 pump at a **LOWER** price!

### Performance:

UP to 52 GPM and 122 feet shut off.

Advanced slicing for “flushables”, Silicon carbide dual seals, Pressed oil-cooled motor, and compact **MONEY** saving design.

## Facility Enhancements New Training Center

Our new class room style training center will be able to host up to 33 people. The new training center will be equipped with state of the art digital technology, to enhance the knowledge of our customers with our current products and upcoming

product innovations. *STAY TUNED FOR MORE DETAILS TO COME!*

## Meet the Keen Team

...

Tim Ables is part of our painting and packaging department. He has had almost two years of experience in packaging and painting the pumps at Keen Pump.

**TEAMWORK**  
coming together is a beginning  
keeping together is progress  
working together is success

- Henry Ford
